Item No.2 24th November, 2015	<p style="text-align: center;"><u>M.A.No. 462/2015</u></p> <p>Heard. Perused record.</p> <p>On 16.11.2015 M/s Sonic Biochem Ext. Ltd, Mandideep was found compliant with all the anti pollution measures in place and functioning satisfactorily. Security deposit was therefore ordered to be released with a note of caution that the industry shall be liable to be closed down if the levels are not found within prescribed limits. Nothing therefore survives for consideration in M.A. No. 462/2015 listed today. M.A. No. 462/2015 therefore stands disposed of accordingly.</p> <p>Heard. Perused record.</p> <p>This Original Application makes grievance about haphazard development of Mandideep industrial site without the pollution control systems in place. According to the Applicant, river Betwa which is a tributary of Ganges is being continuously contaminated by the pollutants emitted from this industrial area. Human habitation around and the Mandideep town are also not spared from this contamination. The State Govt. was directed to take proactive steps for controlling and regulating the pollution. The State has filed two responses as we find from the order dtd. 16.11.2015. The Applicant submits that the copies of these</p>

responses have not been furnished to him.

Today we have no Learned Counsel before us to enlighten us on the facts in issue and the actions taken by the concerned stakeholders for controlling and regulating the pollution in the area in question. The State wide boycott of judicial work declared by the legal fraternity, perhaps, is the cause for their absence.

List this case on **27th November, 2015.**
